## FLEET BASEBALL SCHEDULE IS PUZZLE

### Sergeant Barry Having Trouble of His Own in Getting Cruiser Teams Matched

Sergeant Barry, the peerless leader of Barry's Beauts, is having trouble of his own in running off the big fleet baseball tournament that he is managing. All the teams are willing and anxious to play—there is no trouble on that score—but it's an even bet that after Barry has burned up about a quart of midnight oil working out a new schedule, some inconsiderate cruiser skipper will haul up his mud-hook and put to sea. Then Barry has to sit down and figure it out all over again.

Yesterday the Colorado and West Virginia teams were billed to play a game. It was looked forward to as the closest match to date, but the West Virginia crowd was detained by duty, and didn't put in an appearance, so the game dwindled down to a five-inning practice affair between the Colorado and a scratch team from the California, victory going to the latter by a score of 9 to 7.

Here's Barry's latest schedule, dates of play only being announced. Pairings will be made later on:

Sunday, Dec. 10—Navajo, California, West Virginia, Fifth Cavalry, Maryland.

Wednesday, Dec. 13—Navajo, California, Maryland, South Dakota.

Saturday, Dec. 16—California, Maryland, Colorado.

Sunday, Dec. 17—West Virginia, Maryland, Colorado, Portuguese, Barry's Beauts.

Wednesday, Dec. 20—Navajo, California, Colorado, South Dakota.

Saturday, Dec. 23—Navajo, California, South Dakota, Alea, Wabuna, Chinnee.

Sunday, Dec. 24—West Virginia, Fifth Cavalry, Colorado, Barry Beauts.

## FLEET GOLFERS TO PLAY LOCALS

There are some pretty classy golfers in the wardrooms and steerage of the Pacific fleet, and a plan is now under way to bring the six best club-swingers of the cruisers against a six-man team from the Country Club for a team match and general golfing good time.

Lieutenant-Commander Douglas, executive officer of the Douglas, has undertaken the job of rounding up the navy team. Douglas himself is an enthusiastic golfer, who has played the game for many years and who plays it consistently, considering the lack of opportunities for practice which handicaps sailor golfers.

Probably the best player in the fleet is Midshipman T. A. Parker of the Maryland. He has played several rounds on the Country Club course in impressive style, reeling off a bogey 41 the second time round. Parker learned his golf on the Glen View course, Chicago, and has played with "chick" Evans and other stars. He will undoubtedly play No. 1 on the fleet team, so the match will not take place until the Maryland gets back from Hilo.

## MRS. GILL REACHES FINALS IN COUNTRY CLUB GOLF EVENT

### Play For Trophy Presented by Miss Tenney Has Proved Close and Interesting.

The women's golf tournament at the Country Club, which has been in progress for about two weeks, is getting down to the final round, and within a few days the ownership of the handsome cup put up by Miss Wilhelmina Tenney will be decided.

Yesterday morning Mrs. Tom Gill earned her right to play in the final by defeating Mrs. Walter Dillingham 4 up and 2 two play. Mrs. Dillingham was rated at scratch, and had to allow Mrs. Gill 7 strokes.

In the second round matches played Mrs. C. M. Cooke beat Mrs. Sutton 1 up, and Miss Cooke beat Miss Phillips 3 and 2. Mrs. Cooke and Miss Cooke will play off in a few days, and the winner will meet Mrs. Gill for final honors.

## HARVARD MAN KICKS FOOTBALL 30 MILES

Winning a wager of \$500 by kicking a football thirty miles within twenty-four hours, Daniel Sargent, one of the editors of the Harvard University Crimson, has vindicated his contention that the best platoon booters are not to be found on the "varsity eleven" and that the kicking branch of the college sport is in a decadent state this season.

Sargent's editorial to this effect was ridiculed by a number of fellow members of the Sphinx Club and resulted in the wager. The journalist-athlete was accompanied from Cambridge to Ipswich by several automobile loads of students who witnessed his remarkable achievement of kicking the ball over the entire distance with scarcely any stops.

\*\*\*\*\*

## GILMORE AND HOAO BOTH OUT TO WIN

George Gilmore isn't taking any chances of being out of condition when he meets Jim Hoao in the squared circle Saturday night. The San Francisco scrapper has large ideas, and certainly if ambition lends wings to progress Gilmore should be able to fly round the world and back again. He thinks it's in him to be middleweight champion, and he says that the best way to reach his goal is to win every fight he goes into. Solid sense, but, as it happens, Jim Hoao has something of the same idea, although he doesn't see any pictures of himself girdled with the middleweight belt.

So this coincidence of ideas, rather than the traditional difference of opinion, is likely to make Saturday night's affair a regular scrap.

Gilmore works out with Jackie Clark of the Navajo every day between 1 and 2, and likes the fans to come round and size him up.

## ANOTHER IMMIGRATION POINT IS RAISED

Once more a point has been raised in connection with the immigration of aliens into the Territory. Yesterday Judge Dole issued a writ of habeas corpus on the petition of Chin Yuen Cha, a Chinaman, whose wife, Chong Shoo, with their two-year-old baby, is held by the immigration officials. The points coming up are that the husband is a Honolulu-born Chinese, and the ground of exclusion is that his wife is suffering from trachoma.

The petition states that they were married in Canton in June, 1910, and that subsequently the husband returned to Honolulu, leaving his wife to follow. She arrived here Friday last, but was refused admittance. Chin states that it is the intention of the officials to deport her to China, and claims that as a citizen he has a right to bring her in.

## FREAK GOAL SEEN BEFORE

Dewitt's freakish drop kick, which gave Princeton an undeserved victory, 5-0, over Dartmouth the other day, is not without precedent. Dewitt's kick hit the ground, then caromed off one of the Dartmouth players, over and between the uprights for a field goal, scoring three points. The same sort of a kick in 1906 gave Nebraska the Missouri Valley championship, as the kick defeated Ames in a decisive game.

In that game McDonald of Nebraska attempted a field goal from midfield. The ball hit the ground in front of the uprights and bounded over.

An interesting fact in this connection is that identically the same play was decided in opposite ways in two big games on the same day. W. S. Langford, who refereed the Princeton-Dartmouth game, ruled that Princeton had a right to the score on a goal from the field on a ball which Dewitt kicked.

M. J. Thompson of St. Mary's College, who refereed the game between Exeter and Andover academies, ruled just the opposite when the ball which Mahan of Andover drop-kicked, hit the ground after just clearing the rush line, and then bounded over the bar. Thompson ruled it was a touchback.

According to figures collected by Parke H. Davis of Princeton, there are 1821 students eligible for varsity teams at Yale this fall, while Harvard has 1500, Princeton 900 and Dartmouth 810. This particular "Big Four" naturally arranges itself into two groups. In actual university registration Harvard far surpasses Yale, Princeton and Dartmouth, and no doubt she always will, but, as Yale does not require an academic degree for admission to professional schools, Yale will continue to have the larger number of men eligible for athletics.

## LOCAL ROLLERS HAVE A CHANCE

It's a long time between now and 1915, but if there are any bowling enthusiasts here who care to look so far into the future they can see a chance to enter the biggest event of the bowling world by traveling no further than the exposition city.

San Francisco bowlers, with the assistance of the officials of the Panama-Pacific Exposition, have launched a campaign to bring both the American Bowling Congress and the Western Bowling Congress to San Francisco in 1915. The Western Congress will be held in Los Angeles in February and a big delegation of San Francisco bowlers will go south to press their request for the 1915 competitions. San Francisco bowlers believe that if they succeed in landing the Western Congress they will also get the American Congress, which is the blue ribbon event of the bowling world.

If Honolulu rollers become proficient enough between now and then to send a team across, it would be a big boost for Hawaii.

## AFTERNOON SESSION WINDS UP ROUTINE

Yesterday afternoon's session of the planters' association was taken up with hearing the last of the printed committee reports and with a trip to Cotton. Neil & Co.'s for a look at the Wilson & Webster cane-loader which is recommended by the committee on labor saving devices. This report, which has already been reviewed by the Bulletin, was presented yesterday afternoon by Chairman A. Gartley, and was listened to with much interest.

John T. Meir, chairman of the committee on warehouses for and storage of raw sugar, presented his report, going into technical matters of sugar storage and reading letters from various experienced sugar men tending toward the belief that storage should be as nearly airtight as possible to keep out moisture.

Following the annual synopsis of mill data for 1911 was given by Noel Meier, of the planters' experiment station.

The visit to the patent cane-loader was taken by most of the planters men attending the meeting, particularly those outside of Honolulu.

The session yesterday afternoon wound up the routine matters.

A feature of the meeting is an open letter sent to the association by S. Sheba, editor of the Hawaii Shippo.

## RELIANCE AND BOYS OF ELEVEN TEAMS OF KAM TO MEET AGAIN

### Second Game of Two-in-Three Series Scheduled For Saturday Next.

The Reliance and Boys of Eleven football teams of Kamehameha Schools will play off the second of their two-in-three series next Saturday morning. Reliance have one game to their credit and should the tables be turned on them this week the deciding contest will be pulled off December 19, Founder's Day.

There is a lot of interest in straight football at Kamehameha just now, and soccer has taken a back seat for the time being. In fact, with the color series completed, there is little else going on in the athletic line, and both players and non-combatants eat, sleep and talk football. The first game was played early Thanksgiving morning, resulting in a close 2 to 0 victory for the Reliance crowd. The next game should be equally as close.

Saturday evening the Whites, winners of the color series, will hold a big jubilation to celebrate their success.

First team soccer practice starts next week in preparation for the inter-school series with McKinley High and St. Louis.

## WILL TEACH CHILDREN TO AVOID DISEASE

Two illustrated lecture screens, one on tuberculosis and the other on the care of the teeth, have been prepared by George R. Carter, chairman of the citizens' sanitation committee, for use in the schools of the Territory.

The screens are arranged on the same plan as those used in the mainland schools. Every other square contains an enlarged photograph showing the means used to cure tuberculosis, the means of transmission and the other related matters. The dental screen shows what will happen to the teeth if they are not cared for and also how to care for them. In the center a big tooth brush and powder are placed, with the legend, "Did you use these this morning?"

Alongside each of the squares is printed in big black type a short explanation of each of the pictures.

stating the labor conditions with the apes are generally good and suggesting certain lines of action that may make the laborers better satisfied and better workers. He says in part:

"The apes are, generally speaking, well contented today, and it can not be questioned that this is owing to the improved conditions and the better treatment they are receiving in plantations and elsewhere. It may be time for us to 'shut up in measureless content,' and I do not propose to 'throw the bomb of higher wages' among the happy planters, even in jest."

"What I now would suggest is another step towards improvement of conditions and encouragement of labor, which, in my opinion, will work wonders in plantation results and will be thoroughly appreciated by the man with the hoe, and a thing genial men should not refuse when they themselves are making merry over their own good luck."

"The planters have adopted a bonus system which is working admirably. Any apes laborer who works more than two-thirds of his working days in a month is entitled to this bonus. The system encourages diligence and discourages bad habits, to the advantage of both employers and laboring men. Now, why could not a similar encouragement be devised for the man who has stood and will stand at his post a greater part of his useful life? For instance, if a laborer who worked steadily and faithfully in one place for seven or eight years, or longer, could get a letter of recognition with accompanying presents, bonus, or paid up insurance policy, or even a pension in some exceptional cases, it would surprise the planters for the good results it would bring."

## FOOTBALL FANS WANT SCORING

Football experts at the college clubs of New York, their number including several of the official rule makers, are pretty well agreed that some radical changes in the rules will be necessary before next season. The chief clamor for reform is a demand for plays which will allow more scoring. Possibly this relief will be found by returning to a five-yard gain for the first down inside of the twenty-five yard line, by increasing the number of downs allowed to gain ten yards to four, or by allowing the first down after a seven instead of a ten yard gain.

Recent games at Cambridge and Philadelphia show the inefficiency of the new rules. The Army-Navy game showed little football except kicking. Dalton's toe carried the day. Yale and Harvard dabbled with all the wrinkles of the new game, but had to resort to kicking. This constant punting becomes very monotonous to the spectators. It has entirely changed the complexion of American football. The punt was originally put into the game not as a feature play, but as a last resort when the ball could be carried no farther by the plays. Under the present rules the kick is the main thing and the game becomes a kicking contest between two men, with the chance of picking up a fumble the chief reliance for touchdowns.

Touchdowns it is pointed out, are more satisfactory than field goals; they are what the players and spectators would rather see. They represent more football skill, more team skill and more actual football ability. What is wanted and what all the colleges will demand of the rule makers this winter is a game which will not further increase the risk of injuries, but which will bestow some degree of finality in advancing the ball.

## BIG MINSTREL SHOW TONIGHT

The dress rehearsal of the minstrels was carried out to perfection at the Opera House last night. The first regular performance will be given tonight beginning at quarter past eight, and it is expected the house will be filled to capacity.

The show, in which will be acrobatic stunts, singing and dancing and a playlet by professionals, is well worth the price of admission. The popular trio, Miss Dunn, Miss Matthews and Mr. McKim, are sure to get applause for their presentation of the little comedy, "Auntie." It is a clever sketch well acted. The first part, which is to be a genuine minstrel front, with songs, smart choruses and stories, most of which are filled with local color, will take well with the audience because there is plenty to laugh at.

The money secured by the club from this performance will be devoted to bringing a rowing crew from the Coast next year, and it is the first of a series of entertainments for the purpose. The result of a visit from rowers who are up in the art of skimming along the water is sure to be beneficial to all rowing organizations here, whether they contribute toward the fund or not. It is expected that the performance will be patronized by all lovers of sport. If it is, the result in a financial way will be entirely satisfactory. Tickets are to be had at the Honolulu Music Store, King street, near Fort.

## BAND CONCERT.

This evening at seven-thirty, at the Honolulu Seaside Hotel, the band will render the following program:

March—Bersagliere ..... Ellenberg  
Overture—Rosamunde ..... Schubert  
Chorus—Lohengrin ..... Wagner  
Selection—The Lombardians ..... Verdi  
Vocal—Hawaiian songs, Ar by Berger  
Selection—Rose of Shiraz ..... Ellenberg  
Gavotte—Rhine Sounds ..... Latah  
Finale—Maunawili and Moanalua.

The Star Spangled Banner.

The heavy sales of Hilo railroad first mortgage six per cent bonds, a noticeable feature of the market some weeks ago and then commented upon, are stated to have reached a total of \$750,000. They have been handled by the Waterhouse Trust Company and Halstead & Co., and are to complete the financing of the road to Paauilo. The syndicate is completing one of the most important bond deals in a long time.
